6 Council Services Report

Cemetery

Progress with the application for consecration of the 'new' cemetery land remains ongoing and the formal planning approval for 'change of use' (18/00593/FUL) has now been received. The diocese of York has been approached for clarification of the next points of action. **Ongoing**

Captain Cook Memorial Garden

The formal decision to award the LEADER grant funding of £15,953.06 to Great Ayton Parish Council now been confirmed. The Parish Council agreed unanimously to accept the terms and scope of the agreement allowing the formal document to be signed (10/08) and hand delivered thereafter. Having previously received (9) supplier tenders as part of the LEADER bid process (& in accordance with financial procedures) the Parish Council agreed that 3 suppliers should be confirmed to the project as per the LEADER terms. Formal orders would be place by the Clerk once the signed LEADER agreement had been issued & accepted by the awarding body. **Ongoing**

Public Conveniences

The Public WC's would benefit from significant overhaul in order to vastly improve their appearance, to install auto lights & locks, replace tiles & fittings and to be ergonomic in terms of cleaning/maintenance. To deliver the standard required of this expanded scope it was previously agreed that a formal specification should be sought from a professional organisation specialising in such. **Ongoing**

Whitbread / Waterfall Bridge

Cllr Fletcher had previously confirmed that the Parish Council would be responsible for the replacement of the Whitbread Bridge and as such three outline tenders had been sought. Funding options were being reviewed in conjunction with HDC and that there was optimism that grant funding could be sourced. **Ongoing**

Public Footpaths

Having been agreed at the March PC meeting, a Community Protection Notice approach will be taken as a first step towards managing the 'dog mess' problem in the village and any formal request for a PSPO would only follow out of necessity should this method fail to tackle to the problem to the satisfaction of all Parish Councillors. The Clerk has written to HDC several times to request an update as to how action should be triggered and when the CCTV would become available, but no response has been forthcoming since the initial meeting. **Ongoing**

Allotments

Due to the mild winter, issues with rats have become more of a problem than in previous years. Changes in legislation means that the Parish Council can no longer purchase 'professional' grade pest control bait and instead must revert to 'home owner' grades with lesser content (at higher prices). Having received a quote for investigation/action it was agreed that the Parish Council should engage HDC pest control to support its own activities towards controlling the rat problems. It remains a matter for future consideration as to whether any additional costs should be passed to allotment holders with pigeons, poultry, etc. **Ongoing**

Public Footpaths / Public Rights of Way.

The Parish Council have received a number of mails of concern, specifically in relation to the 'Public Right of Way' footpath from Central Way to Guisborough Road as the only means of access to the children's Play Park. The Clerk has written to NYCC to with regards to maintenance of PROW footpaths, but no formal response has been received. Cllr Heather Moorhouse (NYCC) confirmed that although PROW's were an NYCC responsibility generally, it fell to the adjacent property owner to maintain overhanging greenery and as such suggested that the Parish Council write in the first instance. The Clerk was asked to write to residents regarding overgrown hedges/shrubs along the PROW path which passes beyond Suggitt's field and joins Easby Lane. **Agreed**

	<p>Children's Play Park Maintenance works are to take place where issues have been identified. The next annual RoSPA inspection is due in September. The Parish Council agreed that improvements will be made over a sensible timeframe to ensure that all older play equipment meets the current ISO BSI Standards.</p>
