Respective responsibilities of the body and the auditor

The body is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The body prepares an annual return in accordance with proper practices which:

- summarises the accounting records for the year ended 31 March 2015; and
- confirms and provides assurance on those matters that are important to our audit responsibilities.

Our responsibility is to review the annual return in accordance with guidance issued by the Audit Commission (see note below). Our work does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and does not provide the same level of assurance that such an audit would do.

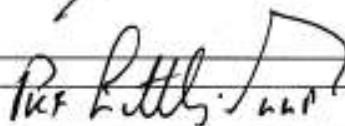

External auditor report (ACNY0236)

Except for the matter noted below the basis of our review of the annual return, in our opinion the information in the annual return is in accordance with proper practices and no matters have come to our attention giving cause for concern that relevant legislation and regulatory requirements have not been met.

Section 1 Box 9: Information received from the Body indicates that the assets have been revalued. Please note that proper practice, as specified in the Practitioners' Guide, requires that assets are recorded at their original cost and no adjustment is required until disposal. Where original cost is not known a proxy such as insurance value may be used but this value should remain constant throughout the period of ownership and not be revised to reflect current values. Please ensure that the figures are amended on the 2015/16 return and that you provide us with an explanation of the adjustment.

Other matters not affecting our opinion which we draw to the attention of the Council:
